

Variable Attenuator

Usage: Communication network
Test equipment
LAN
Optic fiber CATV
FTTH

Reference standard: YD/T894.1 、 YD/T1272、 IEC61754

Material:

Compliance with ROHS
Fire resistance: according to the customer demand

Characteristics: Precise and stable attenuation value
High reliability, stability
Good durability and interchangeability

Index:

Attenuation value adjustable range: 0~30dB

Temperature range: -40°C- +85°C
