

In-Line Attenuator

Application: Telecommunication network

Test equipment

LAN

Optic fiber CATV

FTTH

Reference: YD/T894.1 、 YD/T1272、 IEC61754

Material:

RoHs compliant

Flame-retardant: customer specification

Characteristics : 在线式（熔接式，跳线式）

All kinds of interfaces are available 接口形式齐全

High return loss and attenuation loss stable

High reliability and stability

Excellent repeatability and interchangeability

Single mode and Multi-mode are available

Index:

Return loss: PC \geq 40dB, APC \geq 60dB

Operation wavelength: 1310nm or 550nm

Temperature range: -40°C - +85°C
